

PENITENTIARY.

City Council tonight. It's rain, sleet and mud again. The peach trees are said to be in full bloom in Chattanooga now.

In the month of January, in the Middle District of Tennessee, 51,682 gallons of whiskey were made.

The Montgomery (Va.) Messenger says rich gold mines have been discovered on the Brush Creek lands in that county.

The second annual Convention of the Young Men's Christian Association of East Tennessee will assemble at Maryville to-day, and will continue over Sunday.

They say there is no advance on Oliver Chilled Pows. The farmers ought to lay in their supply before the advance, which is sure to come. Woodruff & Co. keep a large stock.

Farmers, Attention! We will have 25 car loads of Land Plaster on hand and for sale. Call early before the supply is exhausted. W. W. Woodruff & Co.

The opinions and decisions rendered by the Arbitration Court, which adjourned in this city Wednesday, are to be submitted to the Supreme Court for approval, at a special term to be held here in April.

Alderman Dickson, Chairman of the Gas Committee, proposes, as we learn, to put up a kind of a gas works, on a small scale at the City Council tonight, and to make some interesting experiments therewith.

According to the Cincinnati papers, the great Cincinnati Southern Railway excursion, which was advertised to come off to-day, has been indefinitely postponed, and there seems to be a hitch all around in the management or opening up of the road.

We notice in the *Houston Methodist* of this week, that our clever friend, Thos. A. Lewis, has been appointed local editor of that paper. No better appointment could have been made, and we extend the right hand of fellowship to friend Tom upon his entrance into the journalistic profession.

The revival meeting which has been in progress for nearly two weeks at Careyville, carried on by Rev. A. G. Watkins, of the M. E. Church, and Rev. Mr. Lee, of the Church, South, and attended with glorious results, was brought to a close Wednesday night, as we learn.

A colored woman left her residence in Nashville, on Tuesday last, to carry a lunch to her husband, who was at work in a distant part of the city. On her way home, she was seized with labor pains, and entering a house near by, gave birth to a child. When she had recovered sufficiently to walk, she left the house, taking her child with her. On arriving at home she found that the inmates of the house where she had taken refuge had taken her child and given her one at least six weeks old and with its arm broken. The police are employed in the matter.

A DEAD GIVE-AWAY.

Hereafter our prices for each day will be found on our Bulletin Board. Be sure and examine it carefully every morning, for prices, before buying. We quote to-day, for net cash:

SHOEMAKER & CALDWELL.

Why Not?

MR. EDITOR: Can't this city afford the poor man a light, who has to run for a doctor or get up to his work at 4 o'clock in the morning? The wealthy can remain in bed until the sun is up, and if a doctor should be wanted at night, a servant can be sent for him. Who cares for a servant, a doctor or a poor man's legs? Others can be employed. They are cheap. "A POOR MAN."

Gospel Meeting Yesterday.

Quite an interesting Gospel meeting was held, yesterday morning, at the Chapel of the Second Presbyterian Church, by Mr. T. K. Cree, of New York, a representative of the International Y. M. C. A., who arrived here on the early train. There was a fair attendance, considering the short notice and bad weather. Most every congregation in the city was represented. Mr. Cree is an attractive and interesting talker and a zealous Christian worker. He has gone to Maryville to attend the East Tennessee Convention.

A MAIL ROBBER SCOOPED.

And is Landed in the Knoxville Jail. On the 24th of January a man named James Horner, driving the stage between Pulaski and Lawrenceburg, abstracted two registered packages from the mail pouch, one containing a check for \$150 and \$20 in currency, and the other a note of hand for \$50. This case was reported to Col. J. B. Minnis, Special Agent, at this place, who at once repaired to Lawrenceburg, where he soon satisfied himself that Horner was the guilty party. He went back to Pulaski, and after some investigation found that he had gone to Decatur. Upon going there he found he had gone to Huntsville, to which place he followed in pursuit. There he learned his game had gone to Stevenson, and on arriving there that he had gone to Chattanooga. He followed on, and learned that he had gone to Whitesburg, whither he followed Tuesday night. Arriving there, he soon found Horner and took him in. He promptly confessed his guilt. The check was found upon his person, and the note of hand was found also, after some search. Horner was brought to Knoxville night before last. Yesterday morning he pleaded guilty to the charge of robbing the mails, before Commissioner Tillman, and is now in jail here. He will be taken to Nashville, where he will be afforded an opportunity to enter the service of Maj. Thos. O'Connor, and be furnished board and lodging at that gentleman's expense. Col. Minnis deserves special credit for the faithful and skillful manner in which he pursued Horner. We be unto evil-doers when they fall into his hands.

Notes About the Courts.

In the Circuit Court yesterday the case of Rose, administrator of the colored boy Daniel Henderson, who was run over and killed in 1878, against the E. T. Va. & Ga. R. R. Co., was concluded and given to the jury but no verdict has yet been reached.

The case of Miss Mary Hixon vs. the Corporation of Knoxville was taken up and is yet on trial. This is a suit for \$5,000 damages, which Miss Hixon alleges she sustained by falling and breaking her left wrist while walking along Depot street, in 1878. The place where she fell had no pavement, but planks were laid down, which grew slippery during wet weather. Messrs. Ray & Shea and Mr. S. Cornick represent the plaintiff, while City Attorney R. P. Toole appears for the Corporation; and Mayor Branner is giving his close personal attention to the case also.

At the Criminal Court, the case of the boy, Jim Love, charged with stealing a coat from J. L. Brock, resulted in a mistrial, the jury failing to agree. The Court was engaged at adjournment trying the colored boy, Montgomery Farmer, for chopping Bill Brannum in the head with an axe, on Crozier street, some weeks since.

Personal.

Mr. John R. Butt, of the branch tin house of Butt, DePue & Co., at Rome, Ga., is in the city, in the interest of his business, and circulating among his many friends.

Rev. Dr. J. F. B. Mays, formerly pastor of the First Baptist Church, in this city, but recently President of a college at Jonesboro, has, as we learn from the *Jonesboro* papers, received a call to the pastorate of the Baptist Church in Jacksonville, Fla., and expects to leave for that place in a few days. It is thought the change of climate will be beneficial to his poor health. His school will remain in the hands of his able corps of assistants.

Mr. Jno. W. Russell, of A. J. Johnson's U. S. Claim Agency, left last night for Washington, to spend a few months looking after the claim business.

Memorial Society Entertainment.

Although the weather was bad the entertainment given at the colored Odd Fellows Hall last night, by the Ladies Memorial Society, colored, was well attended, and was a success. The object of this society, which is composed mostly of the wives and sisters of the colored Odd Fellows of this city, is to raise funds to finish paying for a well located colored burying ground which has been purchased east of the city, adjoining the county grave yard. It was something that was badly needed. This society inaugurated and have kept up the movement. Their efforts are laudable, and they deserve much credit. Any assistance in paying for the ground would be gratefully received. We understand that the colored Odd Fellows propose, whenever it is paid for, to enclose the ground at their expense.

Convicts from Rogersville.

Capt. Jno. F. Davis, agent for the penitentiary lessees, came down on the noon train from Rogersville with two convicts, who were sentenced during the recent session of Judge Hacker's court at that place. They were both colored youths, Green Reynolds, sent for two years for felonious assault, carving a fellow darkey with a razor, and Elijah Ford, sentenced for three years for house breaking, and stealing goods from Wm. Price's store. Another darkey, Deaderick Branner, was convicted at the same court and sentenced to three years for robbing a boarder at the Holston House some months since, but appeared to the Supreme Court. Capt. Davis took the two above named convicts, together with Miles and McFarland from our court, to Coal Creek yesterday evening.

Who is the Fraud?

A short time ago a certain dealer in the city of Knoxville published Daniel F. Jail Notes.

Three prisoners have been sentenced to the penitentiary and judgment pronounced during this term of the Criminal Court. Two of them, Mordecai Miles, white, sent for three years for stealing a watch from O. G. Vanderhoof, and Andy McFarland, colored, sent for one year for manslaughter, the killing of the colored boy Will Rogers, were taken out to Coal Creek yesterday evening by Capt. Jno. F. Davis. This leaves even twenty prisoners now in jail. Several others are under sentence from this court, but have gotten new trials, appeals, or something of the kind. Ed. Day, who was sentenced for one year for killing his uncle, Tom. Day, will be taken to Nashville after court adjourns.

The workhouse department of the jail, the upper story, is now pretty well filled up, the workhouse convicts having been moved in and put there Wednesday. They are thirty-three in number, fourteen being females. The workhouse squad has been for some two or three years located in quarters out on the Clinton Pike, but they have about completed the job on that road.

Married.

Wednesday evening, 11th inst., at the residence of the bride's father, Mr. J. M. Ragdale, on the Clinton Pike, in the vicinity of Knoxville, Rev. J. H. Keith officiating, Mr. Isham M. Still, of this city, and Miss Cynthia C. Ragdale.

At the residence of Mr. Charles McGlothen, on High street, at 7 o'clock last night, Rev. J. M. Durham officiating, Mr. William L. Bean and Miss Maggie M. Cummings. We congratulate the newly wedded couple, and wish them a long and happy life.

Medical Society.

The Knox County Medical Society was well attended last night, a number of visitors being present, in addition to the regular attendance of physicians. The subject of Physico-Medical Crystallography was introduced by Dr. Tadlock, and called out considerable discussion. The Doctor introduced photographs of acicular (needle-shaped) crystals, supposed to be diagnostic of yellow fever.

The essayist, Dr. F. A. Ramsey, read a paper on "The Attainments of the Medicines," which was attentively listened to.

Distance Lends Enchantment!
Maud had a fine figure, good face and pretty name. One should see her at a distance. When she began to talk, you realized that she never used SOZODONT. Her breath was unlike the breezes of Araby the blest.

A Down-Town Merchant.

Having passed several sleepless nights, disturbed by the agonies and cries of a suffering child, and becoming convinced that Mrs. Winslow's Soothing Syrup was just the article needed, procured a supply for the child. On reaching home and acquainting his wife with what he had done, she refused to have it administered to the child, as she was strongly in favor of homeopathy. That night the child passed in suffering and the parents without sleep. Returning home the day following, the father found the baby worse; and while contemplating another sleepless night, the mother stepped from the room to attend to some domestic duties, and left the father with the child. During her absence he administered a portion of the Soothing Syrup to the baby, and said nothing. That night all hands slept well, and the little fellow awoke in the morning bright and happy. The mother was delighted with the sudden and wonderful change, and, as practiced upon her, has continued to use the Syrup, and suffering crying babies and restless nights have disappeared. A single trial of the Syrup never yet failed to relieve the baby, and overcome the prejudices of the mother. Sold by all druggists. 25 cents a bottle.

Two Organs.

Regulate first the stomach, second the liver; especially the first, so as to perform their functions perfectly and you will remove at least nineteen-twentieths of all the ills that mankind is heir to, in this or any other climate. Hop Bitters is the only thing that will give perfectly healthy, natural action to these two organs.

Our Daily Food.

Adulteration prevails in our daily food. Food is a most important necessity, and it should be wholesome and nutritious. If all articles that are used were as pure and healthful as Dr. Price's Cream Baking Powder, we should escape many of the ills of life.
